

International Moose Legion President's June 2010 Message

We are looking forward to seeing every one in Nashville. My year as International Moose Legion President will draw to an end, but what a great year it has been. I have had the opportunity to address 49 different Boards of Directors all over the country.

I have seen some amazing things. I have also seen a lot of reasons we should work retention more diligently. At the topical meetings in Nashville we will be discussing Retention several different times and what we can do to help the jurisdictions. You will want to be there to learn first hand.

I am looking forward to hearing about our new Membership campaign and the promotion of it. Of course no one ever knows what the theme will be until it is announced on the floor. We can tell you there are recognition incentives for our sponsors this year. Again, please be at the topical sessions and the Moose Legion Breakfast to hear all the details.

It is very nice to hear that we were still setting attendance records as the deadlines approached for Nashville. When you register and get your convention booklet be sure and take note as to where all the different events will be held.

Don't forget to come by the Moose Legion booth, as we will be doing a few things different this year. You might even win a prize or two. You will be able to visit with Laura King also, so you know whom you're talking to in the Moose Legion Department when you call.

The International Moose Legion President's Project was an overwhelming success. I would like to thank every one that helped. I will be giving a full report and financial statement at the Moose Legion Breakfast. I think you will find it a little amazing.

The Moose Legion Council and the Centennial Committee is already making plans to make our 100th Anniversary an outstanding year. It will be held at the Convention in Milwaukee. As we get closer you will hear more and more about the Moose Legion Centennial. Look forward to seeing every one in Nashville.

Thank You for your support, and remember the Moose Legion is 'On the Move' to Build the Degree of Service.

International Moose Legion President - Mike Roach
