

Frequently Asked Questions

What is Moose Rewards?

- The Moose Rewards Program seeks to create long-term member relationships while adding value to the Moose membership. It is intended to improve member retention and increase participation in areas that are important to the Fraternity. Further, it will help Moose International identify habits, trends and priorities, so that we can build more effective programs in the future.

How does it work?

- Points are awarded when members participate in activities that help the Fraternity prosper and grow. Examples include sponsoring new candidates, holding office, attending meetings, or completing training. In turn, those points can be redeemed for merchandise or experiences that are meaningful to our members.

How do I enroll in the Moose Rewards program?

- Everyone is automatically enrolled in the Moose Rewards program. You are required to have an active e-mail on your personal record for redemption purposes.

How do I check and redeem my points?

- All activity and transactions are displayed in your “[My Membership Record](#)” area online at www.moosintl.org. The link to the login box is located at the bottom right-hand corner of the Moose International homepage. Simply click the link and follow the instructions to establish a user profile. If you have visited before, simply log in. Once in your personal record, click on the Moose Rewards logo for access to the program.

Is this the only way to view and manage my points?

- Most of the activity for this program is handled electronically through the “My Membership Record” section of the website. You may check the number of points you currently have by clicking the View Rewards Tab at www.mooserewards.org.

What if I lose my password or change my email address?

- Follow the instructions on the “My Membership Record” login page to reset your password. Once you access your membership record, you may change your email address at any time. This will not impact your ability to participate in the Member Rewards program.

How do I earn points?

- Points are earned in a variety of ways, such as sponsoring a person into the fraternity, paying your annual dues on time, being an officer of the lodge/chapter, attending the International Moose Convention, etc. For a full description, please refer to the chart on this website or the Moose Rewards brochure that may be available in your lodge.

Do I receive credit for all my activity throughout my Moose career?

- No, points are awarded only for activity beginning May 1, 2015 going forward. Other Moose programs were already in place which rewarded activity that happened prior to this date.

Why are some activities awarded more points than others?

- Certain activities are critical to the long-term health of the fraternity. Lodge and chapter leadership is an ongoing issue; therefore creating an incentive to get the best possible people in place to run our fraternal units is essential. This is why its point value is the highest. Additionally, during a typical year, only 7% of our members sponsor a new individual into The Moose. In order to grow, we need a higher percentage to become member sponsors, thus the added incentive for sponsoring your first member ever.

Which lodge or chapter officers receive points within the Moose Rewards program?

- All individuals listed as officers on your MMMS record will receive points provided that they served at least 10 months out of the year and were still in office on April 30th. Lodge officers: President, Administrator, Vice President, Chaplain, Trustee, and Junior Past President. Chapter officers: Senior Regent, Junior Past Regent, Secretary and Treasurer.

- Your contribution to Mooseheart and Moosehaven is recorded via Moose Charities as if it were a cash donation. Contributions made to Moose Charities through the Moose Rewards program are tax deductible in the U.S. up to the limit established by the IRS.

Why does it take less redemption points for WOTM dues than it does for lodge dues?

- Most redemption values are based on the average cost relative to the fraternity. In general, chapter dues are billed at a lesser rate fraternity-wide than lodge dues. The same is true for the Moose Legion.

Do my points expire?

- Currently, the program is scheduled to end on April 30, 2024. You may not earn points after this date. If there is no extension of the program, all unredeemed points will then expire on December 31, 2024. During the duration of the program, your points will stay on your record as long as you are an active member of the fraternity. If your membership is terminated, your points will be removed. The only exception to this is if the program is cancelled; all points will then be removed after a redemption grace period.
