All Moose training, as outlined in Moose International policy from the Chief Compliance Office, and Moose Legion training, as stated in Moose Legion Code of Rules, must be completed within a 60 day window of taking office. Administrators must complete Lodge Leadership within 60 days, however they are granted six months in which to complete the 2HOTT and Admin training. However, it is most advantageous when the Administrator has received training before taking on the responsibilities of the position.

Policy mandated by the Moose International Board of Directors and as outlined in Moose Legion Code of Rules indicates that ALL training for The Moose and Moose Legion is valid for three years. Anyone who intends to hold office after training dates have “expired” must take the appropriate training again. Specifically, should the officer’s training expire while holding office, they may finish out the term without retraining. However, training must be taken again if they plan to hold office during the next fiscal year. For example, Jefferson Lodge 9999’s President last completed LL training on 6/10/2018. Their training technically expires on 6/10/2021, yet based on the above policy, they may finish out the 2021/2022 year without taking the training again. They must, however, attend class again if they intend to hold office for the 2022/2023 year. Training for that term, ideally, should be completed prior to taking office; but as noted in paragraph 2, they will have 60 days after taking office to complete the required training.

Online versions of all three Moose Training classes are available on MI’s website. These classes are a great alternative when a member cannot attend class in person. While it is highly recommended that members attend instructor-led training, it is acceptable to complete the online training even when it is the member’s first experience with the class. TiPS training is available in both instructor-led and online versions. Go to
