

Official Communication for September 30, 2021 - Lodges Only

2022 Fellowship Degree of Honor Recommendations

Attached you will find a 7-page document which is comprised of the annual Fellowship Degree of Honor recommendation form, instructions, and an attendance roster for the Fellowship meeting. All pages should be printed and given to the **Fellowship Recommendation Committee** in your Lodge.

A meeting of **all** members of the Fellowship and Pilgrim Degrees (whose Lodge and Moose Legion memberships are both active) is to be scheduled during the month of November. The Administrator is to send a written invitation to each member who is eligible to attend this meeting, notifying him of the date, time, and meeting location. Every Fellow in the Lodge who is current in his Lodge and Moose Legion dues must be invited to this meeting.

Fellowship Committee: Please read and pay close attention to all instructions, including deadlines. If you have questions or need additional assistance, please contact your assigned Territory Manager for guidance first. He/She will also be able to provide reports of Moose Legionnaires who have met the basic minimum criteria and are qualified to be considered for recommendation. These reports will be available to Territory Managers around October 18, 2021.

The Fellows of your Lodge have approximately one month to put plans in place to ensure a productive meeting, provided this information is passed on in a timely manner. There is also ample time to send written notice to all active Fellows to increase the potential for maximum attendance at the meeting of the recommendation committee. The meeting is limited to all active members of the Fellowship and Pilgrim Degrees in the Lodge, provided there are at least four (4) in attendance. All discussions that take place during the meeting are strictly confidential.

Following the meeting, properly completed and signed recommendation forms, any additional detailed information of the recommended Moose Legionnaire's record of Moose service, and the attendance roster from the meeting are to be mailed to the Lodge's assigned Territory Manager. The Territory Manager will then verify information provided and forward all forms to Moose International for review and consideration.
