

# MI Compliance Office Announcement June 22,2026

## Compliance Office Closure and Dispensation Deadline (June 29–July 6)

The **Compliance Office will be away from the office on Monday, June 29 through Monday, July 6** while staff attend the International Moose Convention in Oklahoma City.

If you are in need of a dispensation for an event during that time, **please submit your request no later than Wednesday, June 24** to allow time for review and approval before Convention. Please note that depending on the nature of the request, some dispensations may not be completed before the office reopens.

**In general, dispensations should be submitted weeks in advance (when the event date is picked & planned) not the week or weekend before.**

If your matter is urgent and cannot wait until after July 6, include a clear explanation of urgency and any supporting documentation with your submission so we can prioritize appropriately.

Thank you for your understanding.
